- **Board Elections**

Nominations for Board Positions will be sort soon.

This is an opportunity to have a direct say on the direction of your sport.

Please give some thought to who you think will make a great contribution by being a Board Member. You?

- **Berger Projectiles**

Due to a number of factors beyond our control, Berger projectiles will not be available for some time. We have orders with the NRAA and Berger directly but an concrete ETA, is not available. It is expected that the QRA will receive a shipment first and we expect ours to follow soon after.

If you are sitting on a stock-pile of 155.5s, I'm sure the state team may have a use for them.

- **Projects happening at Lower Light**

- **Busy Bee**

- **Repair of the bullet scoops in the Back-stop.**

- The repair of the bullet scoops in the Butt Stop is nearing commencement. The sand and bags have been secured and these will be filled by the SES and volunteers.

- This event has been scheduled for **Sunday, 12th August with an 8:30 start.**

- No tools are required but a pair of gloves might be a good idea.

- Many hands make light work, SARA and the other volunteers would be grateful for the help.

- **Gravel around the Accommodation Block**

- I think all would agree, the blue-stone has been a great success in controlling the mud and dust. More is planned for the future, with plans to continue into the Caravan park area.
