

NEWS FROM THE BOARD No.22

3rd September, 2018

- **Berger Projectiles**

The SARA Store has a limited number of boxes of 30cal 155.5 Bergers, available to members. Call the SARA Store on 8244 5533.

At this time, there is still no word on when regular supplies will be available.

- **Projects happening at Lower Light**

- **Repair of the bullet scoops in the Back-stop.**

The filling of sandbags was a roaring success with a great number being stockpiled for use, as required. Many thanks to all that attended.

Another working Bee will soon be scheduled to re-locate the bags, into the bullet scoops. As always, your help will be most appreciated.

- **Fly Control**

Moves are a-foot to install giant fly-traps at Lower Light, to control the fly scourge.

- **500m Range Concept**

An additional 500m range has been proposed at Lower Light.

This Range would serve as a sight-in/Blow-off range and also allow visitors to use the range in a controlled environment.

- **Gravel around the Accommodation Block**
More blue-stone has been dropped in the carpark to aid in controlling the mud and dust.
