

The Postal & Railways Rifle Club

welcomes new members to the sport.

Target shooting is a friendly, non-violent, competitive sport for any person from 14 years of age

Members compete against each other and other clubs on Saturday afternoons from 1.00 pm until about 4.30 pm. There are several **Open Prize Meetings** held during the year, usually on a Sunday, from 8.30 am. These meetings are keenly contested and are a great learning experience.

The Club Hut is a roomy, comfortable building with a bar, plenty of refreshments and is smoke free.

Equipment is available for new shooters to enable them to experience the sport. Used rifles and other gear can, at times, be purchased at a very reasonable price. This helps a shooter to be independent.

Safety and firearm rules are strictly enforced. There is a qualified **Range Officer** in charge of all events. **Coaches** are available to assist shooters.

Long Range Shooting ranges from 300 metres to 900 metres. The type of rifle used is specified by the **National Rifle Association of Australia**. There are two classes of rifle, Target Rifle - Any sights and sling, F Class - Telescopic sight and stand. The ammunition used is 7.62 mm (.308") and 5.56 mm (.223").

Markers are very important people who operate the targets at the butts. They indicate the value of the shot and patch out bullet holes.

Club and NRAA Fees are payable when becoming a member of the Club.

There is a small entrance fee to shoot with the Club on Saturdays and at an **OPM**. This covers the cost of paying the markers and target repairs and maintenance.

Application for a **Gun Licence** can be made through the club or the **South Australian Rifle Association Inc.**

There is a three month probationary membership available with SARA. In this time a gun licence should be applied for, or your licence upgraded for club use.
